Vehicle Description

Alpina B12 5,7 – one of the most powerful versions of the classic BMW 7 Series e38 – original modified by the famous german BMW tuner. It is one of only 202 units manufactured by Alpina – this particular vehicle holds number 30. The car is fully original – it has all of the features of the unique Alpina B12. V12 engine is full of power and works amazingly smoothly on low RPMs – Alpina B12 is a car with unrepeatable character. Japanese service records, manuals, japanese export certificate proving original kilometers: just 142.000! More information about this car via phone or e-mail +48 606 502 793; +48 888 037 000; kimbex@kimbex.pl
IMPORTANT: Collectible vehicles from Japan are left-hand drive and use metric units – you can drive them just like any european car!!! Full books documentation since first registration. Why should you buy a car imported from Japan? Here's why: First of all for Japanese people owning a car with a steering wheel on a "wrong" side is a symptom of luxury and prestige. Secondly – they just love their cars and are pedantic about keeping them in a mint condition. Thirdly – driving a left-hand drive...
