

Vehicle Description

Honda Odyssey IV, production year: 2012 Low, original kilometers: just 60.000! 100% collision-free history Honda Odyssey EX-L. The car was imported from Japan but it's originally right-hand drive and adjusted to european regulations. The car is perfect for long trips even for up to 8 passengers. The equipment is full, including power tailgate and side doors! Beautiful silhouette of Odyssey is eye-catching and ride comfort could be compared with Mercedes-Benz S-Class! 3,5 V6 engine is powerful and fuel-efficient at the same moment and the car is very reliably what makes it very different from european and US competitors. More information about this car via phone or e-mail +48 606 502 793; +48 888 037 000; kimbex@kimbex.pl IMPORTANT: Collectible vehicles from Japan are left-hand drive and use metric units - you can drive them just like any european car!!! Full books documentation since first registration. Why should you buy a car imported from Japan? Here's why: First of all for Japanese people owning a car with a steering wheel on a "wrong" side is a symptom of luxury and prestige. Secondly - they just love their cars and are pedantic about keeping them in a mint condition. Thirdly -...
