Vehicle Description

A one-of-a-kind car, made with incredible love and attention to detail by RCR Design, can now be admired and ordered from us in Krapkowice to suit your individual preferences = each copy will be tailored to the expectations and dreams of the future owner (waiting time and price on request). Each car created by REINCARNATION, known as RCR = Reincarnation Classic Restomod, is an example of extreme attention to detail and elegance, while maintaining performance at a level that true Porsche enthusiasts will be able to appreciate. Almost every element has been meticulously changed, redesigned or reinterpreted using modern materials and advanced technology, all while improving the classic design. The car has been comprehensively 3D scanned to generate precise CAD files of even the smallest parts. The entire body is equipped with carbon fiber panels. The wheels are a sophisticated adaptation of Fuchs' iconic design. All external lights have been redesigned and use modern shapes and state-of-the-art light sources. The engine is a carefully crafted, six-cylinder boxer with a capacity of 3.8 l and an output of 375 horsepower. It produces an exceptional sound and provides an unparalleled driving experience with every kilometer driven, and this is also ensured by the...
