Vehicle Description

Unique Audi RS2 – manufactured in just 2891 units extreme variant of Audi 80 Avant. The car was assembled in Porsche factory, where it has been equipped with e.g. Brembo brakes from Porsche 968, fuel pump from 911 Carrera and suspension modified by famous carmaker from Zuffenhausen. The heart of this exceptional Audi is 2,2 turbocharged petrol engine which produces as many as 315bhp, being transferred through 6-speed manual gearbox to all four wheels by famous quattro drivetrain. The vehicle is in great condition, with very low kilometers (93.000) confirmed by japanese export certificate. Full service books, three original keys, manuals. Why should you buy a car imported from Japan? Here's why: First of all for Japanese people owning a car with a steering wheel on a "wrong" side is a symptom of luxury and prestige. Secondly – they just love their cars and are pedantic about keeping them in a mint condition. Thirdly – driving a left-hand...
